Waste management is an important element of environmental protection. Our institution is committed towards the protection of environment Hence we have a proper mechanism related to waste management. As a part of our policy we are collection of everyday all raw material into dustbin and then it burnt into specific place. Our second one policy is reducing the use of papers. Instead of using hard copies of various documents, we are using soft copies for some documentation. But still some used papers and news papers turns into waste paper after the specific time. We segregate the waste papers separately through out the year and at the end of the year we inform to our waste collecting person. They collect the segregated waste and send it for recycling process. In return they give us the bill of the collected material. This way we work through proper channel regarding the waste management.
